

Research on Family-School Partnerships: An Interdisciplinary Examination of State of the Science and Critical Needs

September 20-21
Omaha, Nebraska

Session 2: Researching Salient Pathways and Contexts for Family-School Partnerships

Session 2 Framing Questions

- Where do geography (urban, rural issues) and culture fit in conceptual frameworks for researching family-school partnerships?
- How can we utilize the most innovative methodological techniques to better understand these complex processes and influences?
- What are one to two issues that still need to be explored or refined in efforts to discern/uncover mechanisms of effects?
- What are one to two issues that still need to be explored or refined in efforts to understand the role of context?
