Summary: The purpose of this Funding Opportunity Announcement (FOA) is to invite grant applications for biological, behavioral, social, addictive, and mental health research related to the health of lesbian, gay, bisexual, transgender, intersex, and other diverse populations. Proposed research should be appropriate for the missions of one or more of the participating Institutes. The National Institutes of Health (NIH) is committed to supporting research that will increase scientific understanding of the health status of diverse populations and lead to effective health interventions and services for individuals within and across those groups and populations. High priority is given to research that focuses on understudied, hidden, or difficult-to-access groups that seem to have distinctive health risk profiles but have received relatively little attention by the public health and scientific community.
