Summary: The Robert Wood Johnson Foundation Local Funding Partnerships (LFP) program forges relationships between the Robert Wood Johnson Foundation (RWJF) and local grantmakers to fund promising, original projects that can significantly improve the health of vulnerable people in their communities. Projects must be new, innovative, collaborative and community-based. Significant program expansions-into new regions or to new populations-may also be considered. Please note that these funds may not be used to maintain existing projects. Projects must be nominated by a local grantmaker committed to participating as one of the funding partners. Local funding partners must be willing to work with grantees to obtain sufficient dollar-for-dollar matching funds throughout the grant period. These funders may include independent and private foundations, family and community foundations, and corporate and other philanthropies. Matching funds must represent new funding specifically designated to support the proposed project. In-kind services may not be used to match Foundation funds.
