Eligible Applicants: The GRAMMY Foundation Grant Program awards grants to organizations and individuals to support efforts that advance research and implementation of original scientific research projects related to the impact of music on the human condition.

Summary: The GRAMMY Foundation Grant Program awards grants to organizations and individuals to support research on the impact of music on the human condition. Examples might include the study of the effects of music on mood, cognition and healing, as well as the medical and occupational well-being of music professionals and the creative process underlying music. Priority is given to projects with strong methodological design as well those addressing an important research question. The GRAMMY Foundation Grant Program awards grants to organizations and individuals to support efforts that advance the archiving and preservation of the music and recorded sound heritage of the Americas. The Archiving and Preservation area has two funding categories: preservation implementation and planning, assessment and/or consultation.
