Amount: Up to $1,500, multiple awards.

Length of Support: One year.

Eligible Applicants: Any organization is eligible to apply including schools, non-profits, governmental agencies and others.

Summary: The Foundation's mission is to support educators in developing environmental curricula that integrate field activities and classroom teaching and that incorporate basic ecological principles and problem solving. The Foundation supports curricula that empower and encourage students to become involved in solving environmental and social problems as informed decision makers through the emphasis and application of basic ecological principles. The Foundation has a grant program called Environmental Curriculum Development Grants. These grants are the Foundation's main program in which one to two $1000 grants are provided. They are intended to assist educators in the design and implementation of holistic environmental curricula that fit the Foundation's Mission Statement. They are open to anyone, but preference is given to grants that benefit public school students. The Foundation provides grants of $1000 to educators to develop or implement environmental curricula.
