Release and Expiration: N/A

Application Deadline: No submission deadlines.

Amount: Based on project.

Length of Support: Based on project.

Eligible Applicants: Non-profit organizations or institutions that qualify under regulations of the United States Internal Revenue Service.

Summary: The W.K. Kellogg Foundation supports children, families, and communities as they strengthen and create conditions that propel vulnerable children to achieve success as individuals and as contributors to the larger community and society. For us, this includes ensuring the emotional, social, cognitive, physical, cultural and civic development of young children, ages 0-8. Their objectives lie in 3 areas: educated kids, healthy kids, and secure families. For educated kids, the goal is to increase the number of children who are reading and math proficient by third grade. For healthy kids, it is to increase the number of children born at a healthy birth weight and who receive the care and nutrition they need for optimal development. For secure families, the objective is to increase the number of children and families living at least 200% above the poverty level. The Foundation views its mission and goals through the two approaches of civic engagement and racial equity and partners with those who embrace these ideals.
