Agency/Department: Department of Health and Human Services, National Institutes of Health (NIH), Centers for Disease Control and Prevention (CDC), National Institute for Occupational Safety and Health (NIOSH/CDC).

Area of Research: Administrative supplements to improve the diversity of the research workforce by supporting and recruiting students, postdoctorates, and eligible investigators from groups that have been shown to be underrepresented.

Application Deadline: Applications can be received at any time.

Amount: Direct costs for individual administrative supplements vary from less than $5,000 to more than $100,000 depending on the career level of the candidate.

Length of Support: The project and budget periods must be within the currently approved project period for the existing parent award.

Eligible Applicants: This announcement is for supplements to existing projects. To be eligible, the parent award must be active and the research proposed in the supplement must be accomplished within the competitive segment. The research proposed by the NIH grantee in the supplement application must be within the original scope of the NIH-supported grant project.

Summary: The National Institutes of Health (NIH) and the Centers for Disease Control and Prevention (CDC) hereby notify Program Director(s)/Principal Investigator(s) (PD(s)/PI(s)) holding specific types of NIH research grants, listed in the full Funding Opportunity Announcement (FOA) that funds are available for administrative supplements to improve the diversity of the research workforce by supporting and recruiting students, postdoctorates, and eligible investigators from groups that have been shown to be underrepresented in health-related research. This supplement opportunity is also available to PD(s)/PI(s) of research grants who become disabled and need additional support to accommodate their disability in order to continue to work on the research project. Administrative supplements must support work within the scope of the original project.
