Grant Title: DISSEMINATION AND IMPLEMENTATION RESEARCH IN HEALTH (R01, R03, R21)

Funding Opportunity Number: PAR-13-055, PAR-13-056, PAR-13-054. CFDA Number(s): 93.242, 93.399, 93.213, 93.172, 93.866, 93.273, 93.855, 93.856, 93.173, 93.121, 93.279, 93.853, 93.361, 93.837, 93.847, 93.399.

Agency/Department: Department of Health and Human Services, National Institutes of Health (NIH), National Institute of Mental Health (NIMH), National Cancer Institute (NCI), National Human Genome Research Institute (NHGRI), National Institute on Aging (NIA), National Institute on Alcohol Abuse and Alcoholism (NIAAA), National Institute of Allergy and Infectious Diseases (NIAID), National Institute on Deafness and Other Communication Disorders (NIDCD), National Institute of Dental and Craniofacial Research (NIDCR), National Institute on Drug Abuse (NIDA), National Institute of Neurological Disorders and Stroke (NINDS), National Institute of Nursing Research (NINR), National Center for Complementary and Alternative Medicine (NCCAM), Office of Behavioral and Social Sciences Research (OBSSR).

Area of Research: Identify, develop, and refine effective and efficient methods, structures, and strategies.

Release and Expiration: Release Date: January 9, 2013. Expiration Date: January 8, 2016.

Application Deadline: For R01 NEW Applications: February 5, June 5, October 5. For R01 Renewal, Resubmission, or Revision: March 5, July 5, November 5. For R03 and R21 NEW Applications: February 16, June 16, October 16. For R03 and R21 Renewal, Resubmission, or Revision: March 16, July 16, November 16.

Amount: R01 - typically up to $500,000. R03 - Budgets for direct costs of up to $50,000 per year for a maximum of $100,000 direct costs over a two-year project period. R21 - $275,000 over an R21 two-year period, with no more than $200,000 in direct costs allowed in any single year.

Length of Support: R01 - up to 5 years. R03 - Up to 2 years. R21 - Up to 2 years.

Eligible Applicants: Public and State controlled institutions of higher education. See the full announcement for a complete list of eligible applicants.

Summary: This Funding Opportunity Announcement (FOA) encourages applications that will identify, develop, evaluate and refine effective and efficient methods, systems, infrastructures, and strategies to disseminate and implement research-tested health behavior change interventions, evidence-based prevention, early detection, diagnostic, treatment and management, and quality of life improvement services, and data monitoring and surveillance reporting tools into public health and clinical practice settings that focus on patient outcomes. The FOA purpose is to support innovative approaches to identifying, understanding, and overcoming barriers to the adoption, adaptation, integration, scale-up and sustainability of evidence-based interventions, tools, policies, and guidelines. This FOA encourages research on the dissemination and implementation of policies and guidelines. Study of strategies to most effectively, equitably, and efficiently implement health policies and guidelines are encouraged, as are studies that evaluate policy and other contextual factors that influence the success of implementation or dissemination efforts. The goals of the FOA are to encourage trans-disciplinary teams of scientists and practice stakeholders to work together to develop and/or test conceptual models of dissemination and implementation that may be applicable across diverse community and practice settings and patient populations, and design studies that will accurately and transparently assess the outcomes of dissemination and implementation efforts.
