

Grant Title: THE HEWLETT FOUNDATION

Area of Research: Promotes the wellbeing of humanity through support of educational activities.

Application Deadline: Not listed.

Amount: Not listed.

Length of Support: Not listed.

Eligibility: Non-profit organizations, Higher education institutions, School districts.

Foundation: The Hewlett Foundation

Purpose: Grants in the *Education Program* should promote long-term institutional or field development, reform, or knowledge development in five priority areas: improving instruction, California reform, technology, universal education, and opportunity. The Education Program funds policy studies, research, development, demonstrations, evaluations, dissemination, and public engagement to accomplish its objectives. The Foundation priorities include: increasing student achievement by developing, demonstrating and disseminating approaches to systematically improve classroom instruction in urban school systems and community colleges; and improve access to exemplary educational content for schools, colleges and universities, and individuals throughout the world by using information technology. The Foundation also supports other programs including the *Environment Program*, *Global Development Program*, *Performing Arts Program*, and *Population Program*.
