

## Invitation to Participate

You are invited to participate in a research study testing the effects of a program called Teachers and Parents as Partners (TAPP).

### What is TAPP?

- TAPP brings parents and teachers together to address behavioral or social concerns that get in the way of student learning.
- School specialists use TAPP to lead parent-teacher meetings, solve problems and assist in developing student behavior plans.

### What does participation involve?

Teacher participation is completely voluntary. It includes being randomly selected to either participate in TAPP services or to continue with typical school services.

#### If selected for TAPP services:

- You will be asked to attend about four meetings with the student's parent and a school specialist.
- You and the student's parent will create plans to support the student.
- You will receive up to **\$600** for participation.

#### If selected for typical services:

- You will not be asked to attend TAPP meetings.
- Your students will continue to receive services provided by the school.
- You will receive up to **\$500** for participation.

### ALL teacher participants will be asked to:

- Complete a brief (five-minute) behavioral screener to identify possible students for participation.
- Complete two online surveys over the course of the school year that take approximately 75 minutes each.
- Collect eight 30-minute video recordings of the participating student's behavior and your teaching practices.
